# Star style *in an instant!*

Let the team at Inanch London make you the star of the show...

**Y**our wedding day is one of the most important days of your life, and for a bride, there is nothing more reassuring than knowing they have the most stunning hair that lasts all day and complements their gorgeous gown!

Inanch's award-winning team of bridal hair experts have travelled many continents for bridal hair services and even tended the tresses of the *Wedding Ideas* team before this year's Awards! Inanch offer bespoke wedding packages

that include a complimentary in-depth consultation with one of their bridal hair experts. Here, you'll discuss your ideas, as well as your wedding gown and the overall look you're trying to achieve.

#### Hair trials

The next stage consists of a wedding hair trial, which takes place at least a month prior to your wedding day to ensure that you are completely happy with how your hair will look on the day itself and

to allow enough time to make any modifications if required. The final stage takes place on the morning of the wedding, when Inanch's bridal hair expert re-creates your desired look. This can take place either at the salon in London, at your home or the wedding venue itself.

#### Top-to-toe packages

Inanch's wedding services don't just stop with the hair. Their head-to-toe package includes make-up services, manicures, pedicures, LCN gel nails, hair colours and revitalizing hair treatments to get your locks looking their absolute best. Last but not least, brides who require more body and volume can opt for bridal hair extensions, with their world-renowned Hair Extensions expert and Great Lengths Hair Extensionist of the Year Inanch Emir. It's the easiest way to achieve those celebrity looks and give yourself added confidence as you walk down the aisle!
